FIFTEEN CENTS

Probe to continue

4 names added to Asphalt-gate

by ROGER RUTHART
Managing Editor

The names of four additional suspects who may have received illegal payoffs from Ed Frederick, president of Liberty Asphalt, have been turned over to the U.S. Attorney's office by Lake County State's Atty. Fred Foreman.

Foreman said that the four individuals, whose names were made known to him Dec. 9, may or may not have been included in the original grand jury investigation and subsequent tax fraud trial against Frederick.

While Frederick has testified that he made payments to as many as 52 Lake County officials, only about 45 were named during testimony and are known by the press.

Among those named during testimony were Antioch Mayor Ray Toft and Supt. of Public Works Todd Mapletorpe, both of which denied ever receiving anything more than a Christmas turkey from Frederick.

Foreman said he made the additional four names known to Webb "to make sure that any allegations are looked into."

Foreman said that the four names are people who "could have been involved from the onset (1974)" not just during the period of 1978-80 as earlier reported.

While Foreman had earlier criticized his predecessor, Democrat Dennis Ryan, he so-

tened his stand considerably, saying "under my predecessor and this administration, the public has been served well in the area of prosecuting public corruption."

Foreman said that many times local state's attorneys will turn to the U.S. Attorney for aid in investigating corruption because the state does not have the laws necessary to deal with tax evasion, mail fraud or tools such as electronic eavesdropping.

"(U.S. Atty. Dan Webb) is confident in my ability to investigate official corruption and misconduct," said Foreman. "Webb's philosophy in a situation of official corruption is to do as much as quickly as possible to investigate it."

Foreman said that in the case of the Liberty Asphalt payoffs, Webb, who was an assistant United States Attorney during the time of the original investigation, will work closely with local authorities to review the additional names and speak with other individuals involved in the investigation in the 1970's.

"I will also be meeting with representatives of the IRS to determine if they have any information relevant to this matter," said Foreman. The IRS is the agency which

NSF checks bounce back onto authors

The holiday buying season has brought an increase in what law enforcement agencies call "disceptive practices," better known to all and especially the "weeping" retailer, as bad checks.

According to Antioch Police Lt. Tom Fisher, on Thursday, Dec. 15, he arrested Patrick Bloniarz, 26, formerly of Antioch, now living in Twin Lakes, on warrants for passing bad checks in Antioch and in Fox Lake.

Bloniarz is also wanted in Hoffman Estates for driving on a suspended drivers' license.

Acting on a tip, Fisher arrested Bloniarz as he was leaving the Ben Franklin Family Center, charged him and turned him over to the Fox Lake Police. Next stop the Hoffman Estates Police.

Bloniarz's wife, Diane, is also wanted on a bad check passing warrant in Fox Lake.

Also arrested for the same thing, on the same day, was Arlen Jacobsen, 23, Trevor, for whom a warrant for disceptive practices in Antioch was issued.

Antioch Police Sgt. Charles Watkins picked Jacobsen up as he was leaving the Squires Restaurant on Rte. 173.

Santa's Antioch elves get more recognition

by GLORIA DAVSI

It seems Antioch's reputation as Santa's home keeps growing and growing.

According to Dan DeFosse, the Antioch resident that heads Elves International, the volunteer group that has been answering letters that children have been writing to Santa for the last five years, the electronic media has finally found out where Santa lives, on Toyland Rd., right near McDonald's, in Antioch.

U. S. Cable will be doing a special program on Channel Three, at 7 p.m., on Friday, Dec. 23, meeting Santa on Toyland Rd. and following, while he opens his mail box in downtown Antioch and takes the letters inside to the Scout House on Lake St. to be opened by some of his helper-elves.

And although DeFosse says that he receives letters from all over the country, Santa will then read some of the letters that he has received from Lake County children, on that program, even telling who sent them.

Another faction of Elves In-

ternational is Toys For Love. This is the project that collects and distributes Christmas toys to disadvantaged children in Antioch, Antioch Township, Lake Villa, Salem and Trevor.

Elves distribute the toys in the Antioch area, Lake Villa Township takes care of that job there and the Jaycees do the honors in Wisconsin.

"Last year the amount of toys we got was great but they have been coming in very slowly this year," said DeFosse, adding that Elves had a list of at least 190 children whose Christmas might be a little barren if more toys are not gathered.

Anyone who has toys or would like to donate money to buy toys can bring them to the Toys For Love box that Elves has in Ben Franklin or call DeFosse at (312)395-4873 and the group will happily pick them up.

"For people that think I'm doing this work to further my political ambitions, I'm not running for nothing!" emphasizes DeFosse.

"I'm just going to continue to work on these children's projects, they're more fun," he added.

Irish to play Santa

During the Christmas season, the Shamrock Club of Twin Lakes Area will distribute over \$400 in gifts to needy families in the area. Members are currently busy wrapping packages that were purchased with funds from the club's treasury. Deliveries are scheduled to be made before Christmas Eve by Santa Claus.

Santa Claus will also make an appearance at the club's Christmas party on Tuesday, Dec. 20 at St. John's Community Center in Twin Lakes.

Member Muriel Patrick, a native of Cork City, Ireland, and current resident of Silver Lake, will speak on "Customs of Christmas Remembered in Ireland."

Refreshments will be served.

The goals of the Shamrock Club of Twin Lakes Area are social, cultural, and charitable. Membership includes over 350 Irish-Americans from a six county area in Illinois and Wisconsin. For information contact Larry Coffey at (414) 877-2696.

Koziols give land to school

The Board of Education of Antioch High School accepted a donation by the Koziol family of 10-acres of land across McMillen Road just east of the football field at its last regular board meeting on Dec. 15. The property will be used as a nature study area.

The board approved the distribution of the \$5,000 accumulated in the name of the "football player of the week" as donated by the GreatAmerican Federal Savings. \$300 was earmarked for the PTC scholarship fund and \$200 was allotted to the student council to help defray the cost of the new electronic

message board which is being purchased by the council and placed in the Commons.

Director of Curriculum Gary Allen reported instructors William Goetzelman and Richard Elliston will coach the academic team which will participate in competition termed TEAMS (Test of Engineering Aptitude in Math and Science).

The local competition will be held at the College of Lake County on Saturday, Feb. 18.

In addition Sydney Klocke will coach the Antioch Academic Bowl Team which will compete at Adlai Stevenson High School in May.

Crackdown nets 27

A reserve Lake County Deputy Richard Iverson, 31, was run over by an Illinois driver heading into Wisconsin, in crackdown aimed at border hopping drinkers.

Ten law enforcement agencies were involved in the DUI push that took place from 1 to 3 a.m., in spots along the border starting at Lake Michigan, in Lake County, running west through McHenry County, from 1 to 3 a.m. on Sunday, Dec. 18.

Scott Shook, 19, Zion, was charged with DUI, reckless

driving and disobeying a traffic stop, after his car struck Iverson when he approached the road block on Rte. 41 near Rte. 173 at a high rate of speed.

The Antioch Police Dept. joined the nine other Illinois law enforcement agencies by setting up a road block on Rte. 83 in front of the Antioch Lower Grade School.

According to Antioch Police Lt. Tom Fisher, Antioch arrested and charged seven Illinois drivers with driving while intoxicated.

One of those arrested was 18, another 19 to 20, the ages

of four ranged between 21 and 24 and one driver in that same age bracket was also charged with drug possession.

According to Lake County Sheriff's Sgt. Ralph Conard, a total of 27 DUI arrests were made in Lake and McHenry Counties besides numerous other traffic related arrests.

The Lake County Sheriff's Dept. stopped 76 vehicles on Rte. 41.

Iverson is still in St. Therese Hospital, Waukegan after undergoing surgery on his arm.

Santa visits Allendale

For the sixth straight year, the 10th District of the American Legion and its auxiliary, visited the campus at Allendale to present individual gifts to each of the boys.

Santa's entry was received with enthusiastic bell ringing and singing. The expression of joy and happiness on the faces of some of the boys was reward enough for many of the Legion volunteers who gave of their time to help make the beginning of the Christmas Season meaningful for others.

Following Santa's arrival and his visiting of individual boys, everyone lined up for the annual buffet lunch served by Allendale's cooks. It has become a tradition that during the Legion's visit, lunch is served and an op-

portunity is provided to sit and talk with the boys at Allendale. Although the menu is simple, the atmosphere is very warm, pleasant, and inspiring.

Besides the individual gifts,

the Legion provided a major gift for each of the eight cottages where the boys reside on the Allendale campus. Also presented was a case of apples and a case of oranges for snacks that day.

The Time Machine

Letter To The Editor

Editor:

I must comment concerning the soccer fields and the naming thereof—Polley vs. Lulofs.

Robert Lindbland may be a great president of the board of education but he knows diddle-squat about soccer and its inception in Antioch.

Casey Lulofs planted the seeds of the game in Antioch. Casey Lulofs was rebuked by Mr. Polley when they discussed soccer in ACHS.

Casey Lulofs was the one who got Antioch's real movers to support him and put a field up. Casey Lulofs volunteered his time and

energy to bring organized soccer to Antioch. The rest is history.

Lindbland says in his letter to you in the Oct. 31 edition of your paper that it "is an athletic field not a soccer field."

Six weeks earlier your paper had a front page article entitled "Soccer Fields Named After Polley" (Sept. 19, 1983).

I saw no follow-up letter by Lindbland to correct this front page error until he replied six weeks later when the ruckus came to light.

Okay name an athletic field for Polley but take soccer off of it. Don't ridicule the game by naming or

associating a non-supporter with it.

Why didn't you name the "athletic field" after Roy Nelson. There's a man who gave of himself for athletics in ACHS sports or Roger Andrews.

Lindbland also puts the blame on lack of starting the sport on money. Come off it will you, find another scapegoat!

After Polley said "no thanks," Casey got soccer started on his own with help from many volunteers and supporters.

Don't you think that same volunteerism wouldn't have been extended to ACHS? Competition lacking Mr. Lindbland? Never heard of club soccer?

Just because a playing field is multi-used does not prevent its naming for a "mover" in one sport.

Soccer was new to Antioch and Casey Lulofs brought it

there. Why are you so afraid to recognize that fact?

Put a gold star in the halls of ACHS, enshrine Mr. Polley, or what ever, but what a misnomer to accord him the honor of naming the field after him. The political perks surely should not extend that far.

In closing let me say I know what Casey Lulofs did for soccer and for Antioch. I also know what this great sport will do for Antioch High and elementary schools.

It is only fitting the "Athletic Field" be renamed to honor Casey Lulofs, a man who was unselfish in all respects.

I'm proud to have his name affiliated with Antioch soccer even more proud to say he was my father.

Along the way with ANNIE MAE

Let me start out my column by wishing every one of my readers the holiest and merriest of Christmases!

Martina and Chris better look out, here come the Antioch raquetters, Gail Bernet, Karolyn Richter and Dawn Bissing. All play on Antioch High School courts and advanced to the state high school meet.

Congrats also to Antioch's girl runners who were first in the North Suburban Conference this year.

To anyone who wants to get more into the true Christmas spirit of giving, there is still a big need for non-perishable foods for the Antioch Community Food Pantry.

Anyone wishing to donate may do so by taking the food to the Antioch McDonalds.

Chris Kellogg tells me that someone donated the "mixins" of an entire Christmas dinner.

And here's one time giving pays off, McDonald's will give each donor a coupon for free French fries.

Some Northern Illinois students were scheduled to graduate in sunny California last week.

Northern met California Southern University on the gridiron for the California Bowl III football game on Saturday, Dec. 17 and seven Northern students, due to receive their undergraduate degrees the following day, opted to have a special ceremony out west. The simple ceremony was set to take place during an informal tail-gate party and Gary Dungan, band member from Lake Villa, was set to receive his B. S. degree in radio-tv-film through communications studies.

Someone sent in a clipping from a 1938 newspaper that said that a Waukegan meat market was having a special sale on sirloin steak for 17 cents a pound, chuck roast for 15 cents and cube steak for 19 cents, spare-ribs, 11 cents, liver, 19 cents and pork chops, 15 cents per pound.

Them days are gone forever!

Here's a perfect Christmas thought from the News' resident poet Pat Chapman.

A Priceless Gift

Children are God's work of art
So treasure and protect them.
Place them in our hearts forever.
Even more precious than a gem.
Children are priceless, truly unique
Cherish them tenderly, memories to keep.

Circuit Breaker claims due Dec. 31

Sate Sen. Adeline J. Geo-Karis (R-Zion) is encouraging persons 65 or older or individuals who have a mental or physical disability to apply for tax relief under the Illinois Circuit Breaker Law.

The State's Senior Citizens and Disabled Persons Property Tax Relief Act, known as the Circuit Breaker Law, provides up to \$700 a year in property tax relief, minus five percent of the household income, or a flat grant of up to \$80, according to Geo-Karis.

To qualify for one or both of these grants, persons must meet the following criteria: own or rent an Illinois residence that was subject to property tax in 1982, be 65 years of age or disabled, and have a household income of less than \$12,000 in 1982.

All 1982 Circuit Breaker claims must be filed by Dec. 31 of this year. One Circuit Breaker application can be used to apply for both programs. To apply, contact

the Illinois Dept. of Revenue, Box 3124, Springfield, Ill. 62708, or call toll free 1(800)252-8972.

Ballots available

Lake County Clerk Linda Hess has announced that applications for absentee ballots for March 20, 1984 General Primary Election are now available at all Township and Municipal Clerk's offices, all libraries, Democratic and Republican party headquarters.

Hess said that since this is a Primary election the voter must choose in which party primary he will vote and request the appropriate colored application.

A green application is Democratic, a white application is Republican and a pink application is Non-Partisan, allowing the voter to vote for questions of public policy only, Hess added.

Stevens receives fourth letter

Greg Stevens, a 1980 graduate of Antioch Community High School, earned his fourth varsity letter in football this fall at Lawrence University.

A 5-foot-11, 190-pound senior, Stevens was the Viking's offensive team captain in 1983.

An outstanding lead blocker, Stevens has been

the starting fullback for the past three seasons. He rushed for 119 yards and one touchdown this season, and caught six passes, including one for a touchdown.

For his four-year career, Stevens averaged 3.4 yards per carry, caught 21 passes for 110 yards and scored three touchdowns. He is the

son of Mr. and Mrs. Richard Stevens, 536 Longview, Dr., Antioch.

Lawrence, which competes in the 12-member Midwest Conference, finished the season with a 7-2 record.

During Stevens career, Lawrence compiled a 31-6 mark and won two conference championships.

Asphalt-gate

(Continued from Page 1)

brought tax evasion charges against Frederick.

Foreman said he expects the investigation to conclude in 60 to 90 days. The completion of the investigation will assure to the people of the county that everything is known about possible corruption involving paying payoffs from Liberty Asphalt "from the period of 1976 to 1980 and to 1983," Foreman said.

Foreman said that charges by Mike Duffy, Democratic challenger for the office of state's attorney, are "allegations of a political nature."

Duffy has said that a Republican state's attorney can't properly investigate public corruption since most of the public officials are Republican.

"Six months ago Mike Duffy was the number three man in my administration and he left this office under no cloud except to say he needed more money. He was a loyal prosecutor, so I'm somewhat perplexed that six months later he's so quick to criticize my administration," said Foreman.

"The bottom line is that Webb respects my ability. As U.S. Attorney, he has just completed one of the most large scale investigations into official corruption ever done (Operation Greylord), so that speaks for something.

"In 1980, a majority of the people who cast votes said I was the most qualified to enforce the law and fight official corruption so they elected me," Foreman added.

BVM Sisters honored on 150th anniversary

Local members of the Sisters of Charity of the Blessed Virgin Mary (BVMs) were honored Dec. 13 by the Lake County Board with a resolution citing the order

on the celebration of its 150th anniversary.

Glenn E. Miller, county board chairman, presented the resolution which was received by Sr. Margaret

Geraghty, BVM, principal at Carmel High School for Girls, Mundelein; Sr. Marion Pasdior, BVM, co-administrator at Carmel, and Sr. Suzan Effinger, BVM, principal of St. Joseph School, Round Lake.

Sisters of the order came to Lake County in 1944 and are now among the staff and administration at Carmel High School for Girls, Mundelein; St. Peter School, Antioch; St. Joseph School,

Round Lake; and St. Gilbert School, Grayslake.

Since the order first came to Lake County in 1944, 326 nuns have served in Lake County. They operate grade and high schools throughout the country as well as Mundelein College in Chicago and Clark College in Dubuque, Ia.

Celebration of the 150th anniversary has been marked in many of the member com-

munities by large BVM penants at entrances to town.

The order started in 1833 when Rose O'Toole, Margaret Mann, Catherine Byrne and Elizabeth Kelly came to the United States from Ireland under the leadership of Mother Mary Clarke.

There are presently 1,381

nuns in the order serving all over the United States as well as doing missionary work in various parts of the world.

The celebration in this area was highlighted on Dec. 4 when Cardinal Bernardin honored the Sisters of Charity of the Blessed Virgin Mary in special services at Holy Name Cathedral, Chicago.

Crane to run again

Petitions for the reelection of Congressman Philip M. Crane (R-Mt. Prospect) have been filed in Springfield.

Crane is seeking a ninth term in the U.S. House of Representatives. He was first elected to Congress in November of 1969 in a special election to fill the unexpired term of Donald Rumsfeld who had resigned to take a cabinet-level post in the Nixon Administration. He has been reelected in succeeding years. In 1982, the

congressman carried almost 70 percent of the vote.

Crane is the fifth ranking Republican on the House Ways and Means Committee which has jurisdiction over taxes, trade, energy, medicare, social security and welfare reform. He serves on the trade and social security subcommittees.

The congressman was a founding member and is presently chairman of the Republican Study Committee which has a membership of 120 conservative House members.

Lucas joins race for circuit clerk

Charging there's a need to clean up and eliminate politics in the circuit court clerk's office, Phyllis Ann Lucas of Lindenhurst, officially announced her candidacy for the Democratic nomination for clerk of the circuit court by filing nominating petitions Dec. 12.

"The incumbent, who was elected as a Democrat and entrusted by the voters to clean up the circuit court clerk's office has joined the good-ole-boys of the Republican Party and left things as they were.

"Lake County needs a more responsive and accountable circuit court clerk that will provide services to all the people rather than only a privileged few," she added.

"The duties and responsibilities of the circuit court clerk are many and varied, but primarily the circuit court clerk must provide the most accurate and accountable record keeping for the courts," said Lucas. "My experience and management in industry and public office will allow me to analyze the problems in the court clerk's office and correct them," said Lucas.

Lucas is married and has four children and two grandchildren and is a 20 year

resident of Lake County. She was elected trustee in Lindenhurst in 1979 and ran for mayor unsuccessfully in 1983. While on the village board she chaired the finance and ordinance committees and served as a member of the police and sewer and water committees.

"The experience of analyzing and approving a \$1.3 million budget has given me the needed qualification for streamlining expenditures in the circuit court clerk's office," Lucas added.

Ask Dr. Sven by Robert T. Sven B.S.D.D.S. MOUTHWASHES

Question: What about mouthwashes? What kind are recommended?

Answer. You have some of the best mouthwash ingredients in your own pantry or medicine cabinet right now. Salt and warm water is an excellent combination. Plain water is perfect for ordinary rinsing, lacking only coloring and flavoring agents. And any of the new, approved fluoride mouthwashes help to protect against tooth decay and should be used after cleaning teeth with a brush and floss. Commercial mouthwashes may reduce mouth bacteria, but only for a few moments; plain water does the same thing.

Hydrogen peroxide is rich in oxygen, which inhibits the anaerobic mouth bacteria which produce tooth-damaging acids. But DON'T use it straight from the bottle. Mix a 3 percent solution of hydrogen peroxide with water in a 50/50 ratio, and rinse; do not swallow. Use no more than three times a week. Also, there are carbamide-based mouthwashes helpful to the elderly and handicapped in caring for their teeth/gums. Ask your dentist and pharmacist about these.

Honor Dost with Scout merit award

Bernie Dost, Scoutmaster of Antioch's Troop 92 Boys Scouts of America, won the coveted Award of Merit at the Lakes Dist. Dinner in November.

The award is given to one Scoutmaster each year for distinguished service to Scouting. Dost joined the Boy Scouts in 1961 with his son Bernard.

Soon he became Troop 92's Advancement Chairman, a position which he held until 1975 when he accepted the position of Scoutmaster.

In 1972 Dost received the Key Man Award from the Lakes District for his services as a troop committee member.

The nomination citation for the 1983 Award of Merit given to Scoutmaster Dost reads as follows:

"For twenty-three years Bernie Dost has given generously and vigorously of himself to various phases of Scouting. He is committed to giving our boys the best possible Scouting experience that will facilitate their journey to maturity and make them better citizens.

As Scoutmaster, Bernie operates an aggressive and diverse annual program of activities which include: one

campout (on the average) each month; a conservation field trip to Chain O'Lakes State Park each Spring to check the wood duck nests; a field trip to Milwaukee to see the sports show or the museum; setting up and taking down tents for the Illinois Prairie Girl Scout Council at Hartford, Wisconsin; a continuous (weekly) paper drive; a spaghetti dinner; the Kumbaya (recently, he volunteered for the 1984 Kumbaya staff) at Benet Lake; the annual two week summer camp; and the regularly scheduled district activities (Camporee, First Aid Meet, etc.) and weekly meetings of Troop 92 and Round Table.

It is common for Troop 92 to win or place high in district competition, thanks

to Scoutmaster support. Bernie was the Lakes District Chairman for the 1980 Jamboree and for the 1982 and 1983 Klondike Derbys.

He is also a member of the district council. Considering all that Bernie Dost has done for Scouting in the Antioch area, this nomination for the Award of Merit is long overdue.

Bernie is a tireless advocate of Scouting, not only when he is with the boys, but also when he interacts with the community leaders who know and respect his work.

He successfully obtains the parents' active support each year. Without their support and without Bernie Dost, there would probably not be a Troop 92. Troop 92 is sponsored by the Antioch Moose.

Attend confab

Larry Fales, Betty Pauley, Cindi Keller, Bev Kull, and Eva Hawryluk have returned to their real estate office in Antioch after attending a week-long course of advanced continuing education for professional real estate agents. All are members in the firm of Century 21-Michael Warren & Co.

They were participating in the Realtors Institute of Illinois, held at the Continental Regency Hotel in Peoria. They were among nearly 500 realtors and realtor-associates from throughout Illinois who attended the courses.

The institute is conducted each year by the Illinois Assn. of Realtors, for the benefit of its 22,000 members. Attendance is voluntary, and successful completion of the three undergraduate courses leads to the professional designation of "GRI", (Graduate of the Realtors Institute).

Each of the courses examines specialized areas

of real estate practice, and goes into more detail than is required by the State's real estate licensing law.

3 accused murderers await trial dates

The three people that have been arrested for the murders of Airman David Palaske, son of George and Alice Palaske, Antioch, and Mark Meyer, son of Mr. and Mrs. Henry Meyer, former superintendent of Antioch Grade School Dist. 34, are still in jail without bond, awaiting the setting of trial dates on charges of first degree murder.

Air Force Sgt. Larry Beach, 22, is being held in the Otero County jail in Alamogordo,

New Mex., for the fatal shooting of Palaske on Sunday, Oct. 23. Palaske's body was found in Oliver Lee State Park, 10 miles from Alamogordo.

Kenneth Palmer, 18, and Quintin Stacy Allen, 19, are being held in the Polk County jail, near Winter Haven, Fla. for the fatal stabbing of Meyer. His body was found tied to a tree in a pasture in Lake Wales, not far from the home he lived in in Winter Haven with his retired parents.

Lose in overtime Wildcats edge Sequoits

The Antioch varsity cagers lost a close one in overtime to Libertyville, on Friday, Dec. 13, when they bowed to the Wildcats, 79-77.

Don Korjenek was Antioch's leading scorer with 20, followed by Dan Berkiel, with 19, and John Humphreys who scored 16 points.

Antioch had 18 fouls and Libertyville 21. Both Steve Mueller and Berkiel fouled out.

"We should have won that game," said Antioch Coach

Don Zeeman adding, "Libertyville deserved the win, you don't get their record without having the ability to score."

Antioch led the entire game until, with a little over four seconds remaining, the Wildcats' press wore Antioch's defense down and tied-up the score, 71 all, with only three seconds left.

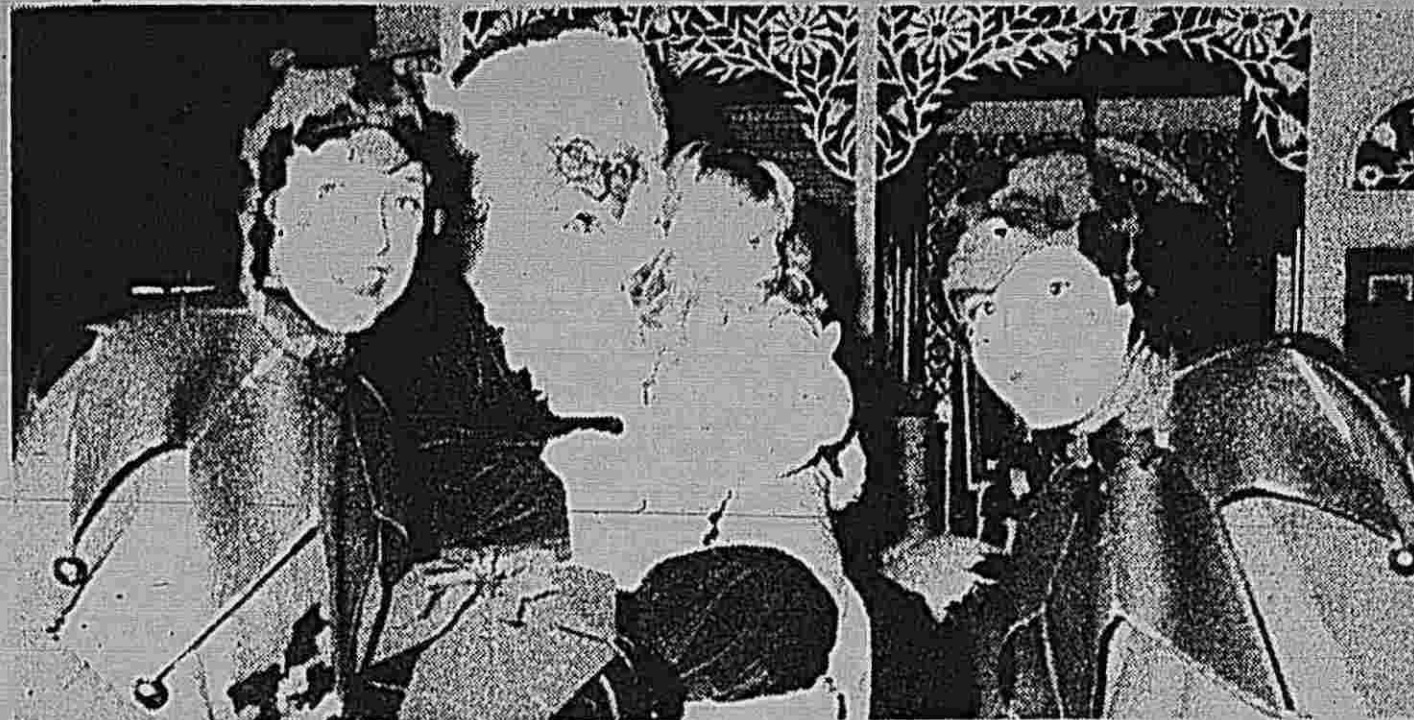

Libertyville kept the good work up to pull-out a win in the overtime.

"This was our best game

of the year, we played four and one-half good consistent quarters," said Zeeman, disappointed that Antioch's defense failed during the last crucial minutes.

The Sequoits will go to North Chicago on Tuesday, Dec. 20.

The next games scheduled are at the Rockford Tourney hosted by Harlem High School. Antioch will start by playing Mendel Catholic, at noon, on Monday, Dec. 26.

Sheriff, Antioch plan additional DUI patrols

In an effort to reduce the consistently high numbers of traffic accidents during the Holiday Season, the Lake County Sheriff's Dept. has announced plans for stepped-up enforcement of laws against drunk and drugged driving.

Sheriff Robert H. Babcox, in making the announcement, noted that increased police activities are being conducted nationwide as part of the observance of National Drunk and Drugged Driving Awareness Week, Dec. 11-17, 1983.

"Traditionally a time of family reunions and friendly gatherings, the Holiday

Season is also tragically a time when we see large increases in the numbers of traffic injuries and fatalities, many of them involving alcohol," Babcox said.

Forty people have died from traffic accidents that were alcohol/drug related from Dec. 1, 1982 to Dec. 1, 1983, according to statistics from Lake County Coroner Barbara Richardson. Last year, there were 66 alcohol/drug related deaths, she added.

The sheriff's department is presently participating in the Lake/McHenry Comprehensive Alcohol Safety

Program, Babcox said. Other agencies in the enforcement program are Zion, Antioch, Winthrop Harbor, Richmond, and Hebron police departments, and the McHenry County Sheriff's Dept. All are working together to increase the number of driving under the influence offenders apprehended and convicted.

The following are suggestions from the Illinois Dept. of Transportation to aid in dealing with drunk drivers:

BUCKLE-UP for every trip and ask your passengers to do so too. Safety belts are the greatest protection we

have against drunk and drugged drivers.

Report any suspicious driving to the police, especially on the weekends — weaving, straying off the road, erratic braking, etc., and encourage CB'ers to do the same.

Do not be an over-generous host. Provide plenty of hearty food and stop serving drinks early. Offer to drive tipsy individuals home or invite them to spend the night. Friends Don't Let Friends Drive Drunk.

Remember that even prescription medications may impair driving ability — especially antihistamines,

tranquilizers or any medication containing a narcotic.

Mixing alcohol and drugs is particularly dangerous. Taking one antihistamine with one drink, for example, doubles the impairment effect of both.

Promote the designated-driver concept. One licensed driver in a group of merry makers refrains from drinking in order to ensure

the entire group's safe drive home.

Sponsors a headlights-on while driving during the day campaign during Awareness Week.

Encourage use of alternative transportation systems like — dial-a-ride, designated drivers, and taxicabs.

Urge bartenders to send over-imbibers home by one of the alternative transportation systems.

"Patience is bitter, but its fruits are sweet."
